Mukesh Agarwal

Vice President of Precision Software and Cloud Applications

Mukesh Agarwal is the Vice President of Precision Software and Cloud Applications at CNH Industrial. He leads the design, development and delivery of customer centred software solutions that fuse connectivity, data and intelligence with computing.

Mr. Agarwal joined CNH Industrial in 2021. Prior to this appointment, he was at Microsoft as Engineering & Incubation Leader for Voice within the NUI (Natural User Interfaces) group from 2019 – 2021 and as a Principal Group Engineering Manager for Office 365 from 2016 – 2019. From 2012 – 2016, he was Senior Director for Optum Technologies, Information Strategy & Architecture at UnitedHealth Group. From 2006 – 2012, he was at 3M, finishing as Integrated Systems Global Leader for 3M Healthcare. From 1994 – 2006, he had his first spell at Microsoft and held roles including National Practice Director for Microsoft Services and Director of Global Strategy & Tools for Microsoft Technology Centers. He began his professional career as a Senior Programmer/Analyst at Thomson Reuters.

Mukesh Agarwal has an MBA certificate from Kelley School of Business, Indiana University, a Master of Science degree in Software Engineering from the University of St. Thomas and a Bachelor of Arts degree in Computer Science & Mathematics from Luther College.
